for optimal performance on softwood

2920 siawood is ideal for manual sanding and belt sanding in plywood and softwood board production, and offers high stock removal rates, long life and excellent finish in coarse to fine sanding applications.

Advantages

- Perfect surface finishes thanks to TopTec
- Dust-free process: antistatic construction gives low dust formation on belt, workpiece and machinery
- Suitable for long periods of use thanks to very robust backing and optimised grit spreading technology
- High removal rate when working on softwood and hardwood with coarser grits
